ENTLEMEN :- Having received a most Unumerously signed requisition asking me to allow myself to be put in nomination at the election for members of the House of Commons, I cordially accede to the request and now offer myself as a candidate for re-

When, ten months since, I was elected a representative to Ottawa I promised, amongst other subjects, to urge upon the Government the necessity of dredging Victoria Harbor, of making arrangements for the commencement of the Dry Dock at Esquimalt, of building Lighthouses, and of making Esquimalt and Victoria the Terminus of the Canadian Pacific Railroad. It is, therefore, gratifying to me to be able to state, as it will be satisfactory for you to learn, that in these matters my further, that several Federal Laws unsuited o British Columbia were, through my re presentations, not applied to this Province.

Although thoroughly convinced that the Dominion Government will undoubtedly faithfully fulfil their part of the Terms of Confederation to the fullest extent and otherwise aid, by all legitimate means, the en deavors of the inhabitants of British Columbis to promote the advancement and wellbeing of this portion of the Dominion, still, if elected, I shall deem it my duty to jealously guard these conditions and to urge their rapid and complete fulfillment, and as occasion occurs solicit further assistance from the

Ministry. It is essential that British Columbia should be brought into direct communication with the seat of Government at Ottawa. I shall therefore, urge upon the Ministry the advisability of connecting the present telegraph system of British Columbia with that of the

Eastern Provinces. Pending the more rapid means of communication with the General Government, it is at least expedient that the Lieut .- Governor this Province should be endowed with more extensive powers in criminal matters, to be enabled to commute sentences and to delay, if advisable, the execution of criminals.

The prosperity of British Columbia being in no small degree dependent upon an increase of population, I shall use my best efforts to induce the Ministry of Canada to assist the Local Government in carrying out any well devised scheme of immigration.

The immediate organization of the Indian Department is essentially necessary to the well-being of all. Circumstances and conditions now pafe

seen may arise in this Province; but since I shall reside among you they will become known to me, and questions alike of interest to British Columbia and the Dominion will doubtless come up in Parliament. Each and all of these shall command my careful study and deliberate judgment; but, speaking generally, I shall, as I have done bitherto, give a liberal and firm support to the Macdonald-Cartier Administration, the faithful frieuds o British Columbia, being convinced that the welfare of the Dominion and the material interests of this Province will be thereby best promoted.

Thanking you again for your expression o confidence and goodwill, I hope, if elected and profiting by the experience of the past, to be in a position to render you greater services and merit a continuance of your confidence, support aed approbation. I have the honor to be, Gentlemen,
